What is the FPSC Long-Term Care Initiative (LTCI) Most Responsible Provider (MRP) Payment?

The Long-Term Care Initiative (LTCI) Most Responsible Provider (MRP) Payment is intended to support family physicians (FPs) not enrolled in the Longitudinal Family Physician (LFP) Payment Model to continue providing care to long-term care (LTC) patients according to the 5 Best Practice Expectations, providing they meet all the other requirements of the payment. FPs are required to participate in their local LTCI to be eligible for the payment. The payment provides an eligible FP with an annual amount of \$290 per LTCI bed for which they are MRP for.

The maximum annual amount for eligible physicians who are the MRP for LTCI beds in **a single division community** is \$45,000.

The maximum annual amount for eligible physicians who are the MRP for LTCI beds in **more than one division community** is \$45,000 in **each division community, up to two division communities**.

Who is eligible for the LTCI MRP Payment?

To be eligible for the payment, a FP must meet all the requirements below:

- Not be enrolled in the LFP Payment Model.
- Be MRP for a minimum of 5 Long-Term Care Initiative (LTCI) facility-based beds.
- Not be on a service contract, salary agreement, or sessional arrangement that includes payment for facility-based LTC services.
- Actively participate in the FPSC Long-Term Care Initiative (LTCI) with their local division including the community solution for 24/7 availability and approach to MRP coverage for the beds in the community.
- Provide long-term care (LTC) services according to the five best practice expectations (BPEs):
 - Provide 24/7 availability and on-site attendance when required
 - Proactive visits to residents
 - Meaningful medication reviews
 - Completed documentation
 - Attendance at case conferences
- Meet all the requirements of the payment and commit to continuing to meet all requirements for the duration of the payment period.

What type of physicians are eligible for the payment?

Providing they meet all the requirements of the payment, eligible physicians include:

- FPs who bill under fee-for-service for their clinic-based longitudinal services and **NOT** enrolled in the LFP Payment Model.
- FPs who are compensated under a service contract, new-to-practice contract, salary agreement, or blended capitation for their clinic-based longitudinal services and **NOT** enrolled in the LFP Payment Model.
- FPs who provide LTC services and do not have a clinic-based longitudinal family practice.

What type of physicians are NOT eligible for the payment?

The following FPs are **NOT** eligible for the payment:

- FPs enrolled in the LFP Payment Model for clinic-based longitudinal care.
- FPs who provide long-term care services under a service contract, salary agreement, or sessional arrangement.

Are locums eligible for the LTCI MRP Payment?

Physicians who are substituting on a temporary basis for another physician who is away (e.g. vacation, illness, parental leave, military deployment, or other absence) may not claim the FPSC LTCI MRP payment directly. In these situations, host physicians can claim the payment directly and distribute it to their locum physicians based on internal business arrangements.

Are family physicians providing long-term care services under a service contract, salary agreement, or sessional payments eligible?

No. Physicians providing long-term care services under a service contract, salary agreement, or sessional payments are not eligible.

Are physicians who are enrolled in the LFP Payment Model, but continue to bill fee-for-service for their long-term care services eligible to receive this payment?

No. This payment is intended to support physicians who are not enrolled in the LFP Payment Model and, therefore, cannot bill long-term care services under the LFP Payment Model. Physicians who are enrolled in the LFP Payment Model are not eligible to receive this payment.

Do family physicians have to be participating in the FPSC LTCI with their local division to be eligible for the payment?

Yes. Family physicians must participate in the FPSC LTCI with their local division to be eligible for the payment, including the community solution for 24/7 availability and approach to MRP coverage for beds in the community. FPs will be required to specify the number of LTCI beds covered and the facilities they are linked to. This information will be shared with the division(s) to continue facilitating a community or network approach to supporting LTCI and may be used to verify physician eligibility.

Are family physicians eligible for the payment if they go on temporary absence during the funding period?

Physicians who have a temporary absence but otherwise meet the eligibility requirements of the payment can claim it. To do so, the physician must make best efforts to arrange for another care provider to provide the same scope of practice and similar days/hours of service to their long-term care patients.

For the purpose of the payment, a temporary absence is defined as a continuous absence or non-continuous reduction in working days that is not expected to occur regularly. This would most commonly include absences related to illness, parental leave, caregiving, or military deployment. A temporary absence does not include indefinite absences such as retirement or departure from long-term care practice in BC.

What is the payment amount per eligible family physician?

Physicians will be compensated per LTCI bed for which they are the Most Responsible Provider (MRP). Each long-term care bed (minimum of five) is payable at \$290 per year or \$72.50 per payment period.

The maximum annual amount for eligible physicians who are the MRP for LTCI beds in **a single division community** is \$45,000.

The maximum annual amount for eligible physicians who are the MRP for LTCI beds in **more than one division community** is \$45,000 in **each division community, up to two division communities**.

How do eligible family physicians apply for the payment?

Eligible family physicians will receive an invitation email each payment period from fp.billing@doctorsofbc.ca with a link to an online application form and instructions on how to claim the payment. If you meet the eligibility requirements of the payment but did not receive the invitation email, please contact fp.billing@doctorsofbc.ca.

Physicians must complete the online application form to claim the payment. The application form will require physicians to confirm that they understand and meet the requirements of the payment and to provide details on the number of LTCI beds for which they are MRP for that payment period.

Can a group of more than one family physician apply for the payment if they work together to cover five or more long-term care beds?

A group of more than one family physician can submit an application as a group to claim this payment provided that the group of physicians works together to provide MRP care for five or more LTCI beds in **the same long-term care facility** (as of July 3, 2024) and **all physicians** in the group meet the eligibility criteria.

To apply as a group, please contact fp.billing@doctorsofbc.ca to request a group application.

What is the deadline for applying for the payment?

The FPSC LTCI MRP Payment is claimed by eligible physicians once per quarterly payment period. Please refer to the table below for the deadline to submit the claim form in each quarter. Please see 'When is the payment paid' for details on payment dates.

Payment period	Claim Form Deadline
January 1 – March 31, 2026	March 31, 2026
April 1 – June 30, 2026	June 30, 2026
July 1 – September 30, 2026	September 30, 2026
October 1 – December 31, 2026	December 31, 2026

When is the payment paid?

The FPSC LTCI MRP Payment continues to be claimed by eligible physicians **once per quarterly payment period**. Please see the table below for claim form submission cut-off dates and their associated payment dates.

Payment period	Claim form submitted by:	Payment remitted no later than:
January 1 – March 31, 2026	January 31, 2026	March 13, 2026
	February 28, 2026	April 10, 2026
	March 31, 2026	May 15, 2026
April 1 – June 30, 2026	April 30, 2026	June 12, 2026
	May 31, 2026	July 10, 2026
	June 30, 2026	August 14, 2026
July 1 – September 30, 2025	July 31, 2026	September 18, 2026
	August 31, 2026	October 9, 2026
	September 30, 2026	November 20, 2026
October 1 – December 31, 2025	October 31, 2026	December 11, 2026
	November 30, 2026	January 15, 2027
	December 31, 2026	February 12, 2027

How will the payment be paid?

After FPSC has reviewed and approved your application, Doctors of BC will send you an email confirming the payment, and then Doctors of BC will remit the payment to you in the following weeks. The payment will be remitted to the same bank account that you've linked to receive sessional payments from Doctors of BC. Please login to your Doctors of BC account (My Account > My Details > Bank Accounts) to verify that your bank account is linked.

The payment will not generate a tax slip. All physicians will receive a payment confirmation from Doctors of BC. Please keep the payment confirmation for your reference.

Physicians who are subject to paying GST on services through their corporations must charge GST on their sessional time. To have GST added, a completed GST Registration Designation Form is required. To obtain the form, please email us at accountspayable@doctorsofbc.ca with the subject line “ATTN: Sessional GST.” If your GST number is already on file with Doctors of BC, then GST will automatically be applied to your payment. Note that as every situation is different, we encourage physicians to discuss these payments with their accountant.

Can family physicians apply for the payment more than once?

Each individual family physician can only receive one payment per time period. To receive each quarterly payment, physicians must submit one application form per payment period. The link to the application form will be shared with them by email.

Are Nurse Practitioners (NPs) eligible for this payment?

No. Although NPs support the LTCI in several divisions, they are not eligible for this payment. The FPSC LTCI MRP Payment was negotiated through Physician Master Agreement funds, which are intended for physician funding. Divisions may request an NP exemption by contacting fpscltci@doctorsofbc.ca for NP compensation for on-call availability and/or quality improvement activities.

Are family physicians eligible to bill LFP LTC locum fee codes eligible for this payment?

No. Physicians who are eligible to bill LFP LTC locum fee codes are not eligible for this payment. If you are unsure about your eligibility to bill LFP LTC locum fee codes, please contact fp.billing@doctorsofbc.ca.

I have more questions about the payment. Who do I contact?

If you have questions about the payment, please contact fp.billing@doctorsofbc.ca.
